

# MRS. CLARK HOSTESS TO FIVE HUNDRED CLUB.

A pretty party was given on Friday afternoon of last week when Mrs. J. D. Clark was hostess to her Five Hundred Club at the home of Mrs. Hendrix, Detroit. The dining room was beautifully decorated with cut flowers carrying out the color scheme of blue and gold.

Four tables were placed for the games. The hostess, assisted by Mrs. Jeter served a salad course with iced tea. Those enjoying this occasion were the club members and Mesdames Brock, Johnson, Wise, Hays, Wright, Speer, O. M. Gordon of Brewton, and Misses Sallie Page, Gussie Rainer and Mary Alice Talbot.

Mrs. Ada Blue has returned from Ozark where she visited her daughter, Mrs. Osborne Rainer.

We still have Cakes, Pies, Jelly Rolls and the best BREAD you can buy, come on and get them while they are fresh.

## ELBA BAKERY

Miss Lurline Cronier, of Montgomery, was the guest of Miss Francis Mitchell at Elba the first of the week.

Mr. and Mrs. A. J. Grant, of Bartow, Fla., are spending a few days with Elba relatives.

Mr. and Mrs. Seph Blue and children, David and Mary, visited relatives here the first of the week.

Mesdames John Armor, W. D. Pierson, W. F. Cooper and Misses Mary Francis Armor and Marion Pierson went to Troy Friday shopping.

Three or four communications intended for publication this week are crowded out of this issue. Some of those letters reached us late and then too we had many other matters that were given preference. Correspondents should mail in their letters so they will reach us on Monday in order to insure publication. We regret having to leave them over till next week, but cannot help it.

## COME TO THE HUTCHISON SPRINGS AT NEW BROCKTON.

All kinds of mineral water for your health and a shady place to spend the hot summer days. A big flowing pool that is furnished from these many springs. A place of beauty and comfort, free from gnats, flies and mosquitoes. Make one visit and you will agree with me.

The springs and pool are on the National highway, half way between Enterprise and Elba, Ala. You can get a better grip on your health by spending the summer here.

## Cole's Bridge Items.

Farm work is progressing nicely. Most people are thru chopping cotton and have begun hoeing.

A peanut hulling and candy drawing was given at Mr. Walter Pinckard's Saturday night. Everybody reported a nice time.

Mr. Roy Shellegrove who is attending school in Atlanta, Ga., returned to his home for a few days vacation. Everybody was glad to see him.

Mrs. C. G. Pope happened to a painful accident Saturday May 10. Her foot turned and was sprained very badly. Her many friends will be glad to hear that she can walk about some now.

Some of the young people of New Brockton attended the singing at New Hope Sunday. Misses Pearl and Irene Wilson, of New Brockton, visited in our vicinity Saturday and Sunday.

Dr. and Mrs. A. J. Mills, of Enterprise, visited Mr. and Mrs. D. D. Dobbis Sunday.

Misses Jessie Eageron and Reffie Dobbis and Messrs. J. C. Lewis and Roscoe Rodgers carried Misses Cora Hayes and Winnie Folsom, of New Brockton, home Sunday evening.

Mr. Joe Dobbis is on the sick list. He has facial paralysis.

## PLAYMATES.

# MR. MOORE THANKS VOTERS OF HIS DISTRICT.

I desire to thank the voters of my district for the expression given in last Tuesday's Primary. I want to thank each and every one who voted for me or spoke a good word for me.

Will say to those who laid down their own work and went out and worked so hard for me that words will not express my feelings toward you.

Will say to those who fought me so hard, that I hope you will come across and help me to make one of the best of years we have ever had.

I have won the race without making a single personal promise to anyone. It is not my whole desire to do the things that are right toward every one. So I want you all to feel free to call on me. If I can help you, I surely will.

Yours for service,  
JOSEPH J. MOORE.

## BAPTIST W. M. S.

The W. M. S. of the First Baptist Church met on Monday as follows. Mrs. Delma Kelly was hostess to the Betty Baker Circle. An interesting study of In Royal Service was given, led by Mrs. W. C. Hanlon. There were nine members present.

The Sallie Boyd Circle met with Mrs. J. F. Anderson as hostess. Mrs. W. P. Windham led the study for the afternoon. The First Mortgage. The hostess assisted by Mesdames C. P. Hayes and W. F. Cooper served punch and wafers. Sixteen members present.

The Hattie Conner Circle met with Mrs. Terry Kendrick at the home of her mother, Mrs. J. A. Canley. Bible questions and answers was the study for the afternoon.

## S. R. MORGAN THANKS FRIENDS.

I want to thank the voters of Coffee County (both ladies and men) for the splendid support they gave me in the recent Primary Election. I cannot command language to express my gratitude for your friendship and confidence. I assure you, you will not regret your vote.

Respectfully,  
SAM R. MORGAN.

## Rev. J. B. Culpepper, a noted evangelist of universal reputation and consecration, having held evangelistic campaigns all over the United States, has consented to hold a meeting in Elba, beginning July 6th. Every man and woman who has the interest of the community at heart will rejoice to hear of this great preacher coming among us with his coteries of workers.

Everybody was delighted to hear Rev. J. F. Ford last Sunday morning preach the commencement sermon for the high school in our church.

Mr. and Mrs. W. A. Capshaw are rejoicing over the arrival of a man-child whom they have given the honorable name of W. A., Jr.

Rev. J. W. Dowdle will preach at Ham's at 3 o'clock next Sunday afternoon, in the absence of the pastor.

We appreciated having the Baptist congregation with us last Sunday night.

Nineteen graduates are going out to save the world from the Elba High School this year and we wish them the smooth sailing over their future course.

You are never a stranger in our church. Worship with us.

## CONTEST OVER BOUNDARY LINE WITH- DRAWN: EAGERTON-KYSER CONTEST TO BE HEARD ON WEDNESDAY, JUNE 25TH

The contest over the district boundary line which was filed with the County Executive committee on Tuesday night of last week, was withdrawn on last Thursday.

Opener readers will remember that we gave a sketch of this contest last week, the contention being that the dividing line between the northern and southern portions of the county was originally established at a point about six miles below Elba, and that the line had never been changed, although for about fifty years the citizens of the county have been using a point a short distance above town as the dividing line. Soon after the matter was a half or three years ago, the matter was brought up after its original location. The contest over this point was then withdrawn and the matter dropped.

The contest of J. T. Eagerton against Mace Kyser, over the commissioners' office in the Northeast District, which was also filed at the same time as the other contest, has been set for hearing on Wednesday, June 25th. The Executive Committee will be called into session on that date and the matter gone into thoroughly.

Quite a bit of interest is being shown in this contest by the people of that district. It is claimed that many illegal votes were cast, and these, as well as other contentions will not doubt be threshed out at the hearing on June 25th.

## PRAETORIANS ENJOY BAR-BECUE.

Members of Elba Council Modern Order Praetorians, enjoyed a most delightful barbecue supper on Tuesday night. After meeting at the hall members repaired to Cosby's Cafe where the tempting supper was served.

After supper it was announced that several candidates would be given a ride on the "Praetorian Goat." Mr. J. W. Blocker, clerk of the council, had the leading part in arranging for this enjoyable occasion and he has the thanks of the entire membership.

The Clipper has been requested to remove those who visited Evergreen cemetery closing the gates before they leave the grounds. On one or two occasions lately, these gates have been left open and stuck running at large have entered the grounds and done considerable damage to the flowers and plants. For the past few months the cemetery has been unusually well kept, and at all times presents a very neat appearance. If you are interested in keeping it in such condition do not forget to close the gates after you have visited the grounds.

Change of Life

"When change of life begins on me," says Mrs. Lewis Lisher, of Lamar, Mo., "I suffered so with womanly weakness. I suffered a great deal in my back and sides. My limbs would cramp. I didn't feel like doing my work, and there are so many steps for a woman to take on a farm. I was very anxious to get better. A friend recommended

CARDU

The Woman's Tonic

to me and I began using it. I certainly improved. I went through change of life with out any trouble. I can highly recommend Cardu.

At the age of about 40 to 50 every woman has to pass through a critical time which is called the Change of Life. At this time, great changes take place in her system causing various painful and disagreeable symptoms.

If you are approaching this period, or are already suffering from any of its troubles or symptoms, take Cardu. It will help you, as it has helped others.

## Liberty News

(Intended for last week.)

Dear Editor:

When one is busy time flies so fast. The farmers have about gotten the grass so they can handle it, but we have got to keep busy. We cannot stir the soil fast enough now. I rise at four o'clock every morning and go all day. Saturday I did not stop moon half an hour for noon and worked till nearly sundown.

At night we invited Misses Minnie, Myrtle and Bonnie Kendrick, Lizzie and Claudie Bryan over to a "bee robbing."

The bees were about a quarter mile from the house. As soon as we started I gave a yell and the fun started. You would have thought we had up a fox race. Wire fences were not in their way. There were no use for girls to don men's clothes to get about. We all enjoyed it so much. I like to be with young people. I enjoy their innocent fun. It will put new life into anyone.

Now when I got to the back, the girls were talking about putting the min a bucket. We failed to find any honey, but we had a real feast. Now, I finally got off from him and he begged Mrs. Boland for a pan full of honey taken previously and a loaf of bread, so we had a real feast. **FLORIDA MOB KILLS TWO NEGRO BOYS.**

Fort Myers, Fla., May 26.—"Bubbers" Wilson and Wilton Williams, negro youths, about 20, met death at the hands of mobs here Monday, following their identification as the negroes who, late Sunday, attacked two young white girls near here.

Wilson was taken from the sheriff shortly after he was taken into custody. Williams was pulled off a freight train. They were riddled with bullets and dragged through the street by the mob. The two girls are reported to be in a serious condition.

## From Chestnut Grove.

Farms are quite busy between showers trying to conquer "general green." There is some complaint of boll weevil sign, while the last two weeks have been fine on him.

The ladies have most forgotten the extreme winter since their gardens look so flourishing, and a lot of them are engaged in the canning business.

Quite a number are devoting their time to the poultry business, while the possums and snakes are too.

There seems to be an epidemic of appendicitis in our community for the past three weeks. Mr. J. R. Crenshaw was first stricken, and next was Mrs. Noah Dyess.

Both were operated on at Troy and are doing nicely. Monday morning Mrs. Andrew Johnson had an acute attack and in a few hours was desperately ill. She also was operated on at Troy, but the writer is unable to say how she is.

Mrs. Joe Caraway has had an attack this morning, and we are told will have to be operated on.

Mrs. John Sawyer has also been suffering for the last few days from a chronic case. We wish for all a very speedy recovery.

We are very sorry to learn that Mrs. Claud McDermont is in Montgomery at a hospital where she underwent a serious operation, but we hope she will soon be able to come home.

Mrs. J. W. Dismukes has been on the sick list but we are glad to say she is slowly improving.

'Twas with regret that we learn that J. W. Dismuke lost a young mule Tuesday night.

Among the visitors last week end were Mr. and Mrs. C. F. Helms and children, of Opp, and Mrs. W. C. Flowers, and children from Cross Roads.

Miss Bertha Johnson, of the Troy S. N. S., will return home this week.

Miss Cesta Clower will leave Monday for Troy where she will work a few months. All wish her much success.

Sunday School is progressing nicely. Despite the rain-fall Sunday morning, there were 51 present and on fair days there is a large attendance and more interest than usual.

Although the rain continued in the afternoon we had a good singing and what was most remarkable, there were only a few listeners—there was a large attendance but everybody wanted to sing.

Mr. and Mrs. Grover Hudson, of Enterprise, visited relatives here this week-end.

The W. O. W. Rally Saturday afternoon was a real success. A large audience enjoyed the lecture and most of all the free cream, cake and lemonade, while the Society had the pleasure of receiving 6 members that night.

The string band rendered some good music at Mr. Crenshaw's Saturday night. All who attended reported a nice time.

Much success to the dear old Clipper and its readers.

## NEW AGRICULTURAL ERA IS FORECAST.

Montgomery, Ala.—(Special)—What agricultural economists regard as the possible beginning of a new era in Southern farming was inaugurated recently when the converted steam plant owned by the Alabama Power Company and dedicated by them to the cause of boll weevil control began production of calcium arsenate according to the newly discovered process of electrolytic precipitation.

Officials of the Gulf States Chemical and Refining Company, operators of the plant, expressed themselves as delighted with the first day's production of three tons which, according to J. A. Moore, President of the Company, is sufficient to exterminate or control the boll weevil on 1,200 acres of cotton.

"The first day's production," said Mr. Moore "is but a fraction of the daily capacity which will be delivered when the plant is under full operating control and manufacturing processes become synchronized."

The manufactured product is said to equal in every way that prepared by the inventors using laboratory methods and is of such purity that it may be used not only as a boll weevil destroyer but on fruit trees, in gardens and on other plants which formerly required lead arsenate, a more expensive insecticide but one less harsh than calcium arsenate produced by former methods.

The electrolytic process was discovered two years ago by A. A. Kennedy, at that time a member of the engineering staff of the Alabama Power Company and a former close associate of Thomas A. Edison in chemical work. Mr. Kennedy became impressed with the need of an adequate supply of a poison which would facilitate boll weevil extermination or control. Calcium arsenate, is considered to be the only effective poison yet discovered for the South's cotton scourge, but its manufacture by acid methods was cumbersome and the resulting product was not uniform and frequently contained traces of free acid which burned the plants.

Mr. Kennedy had spent the greater portion of his life in the study of electrochemistry and conceived the idea of arsenate by electrolysis of arsenic.

He was able to yield a product free from harmful impurities and of specific composition. He acquainted officials of the Alabama Power Company with his ideas and received their enthusiastic support. President Thomas W. Martin placing at his disposal all necessary resources for carrying out the work.

Mr. Kennedy perfected the principles of his process, later enlisting the aid of Dr. Stewart J. Loyd, head of the Department of Chemistry at the University of Alabama, who assisted him in making his ideas practicable.

Numerous experiments were performed in the State, and later the Power Company secured the cooperation of the General Electric Company who extended to the inventors the facilities of their laboratories at Schenectady where the Kennedy-Loyd process, as it is now known, was perfected.

Realizing the immediate need for tremendously increased production of calcium arsenate in the South, and wishing to place a superior product at once in the hands of the farmers, the inventors, through the influence of Power Company officials, enlisted the aid of J. A. Moore, Jr., President of the Gulf States Chemical and Refining Company who agreed to bring about practical application of their discovery.

Immediate action was necessary to bring out the new product in sufficient quantity to combat the boll weevil during the season of 1924, and realizing the futility of attempting to construct a new plant in time to produce the poison during this year, Mr. Moore some months ago appealed to the Power Company who placed at the disposal of his concern, free of charge for a period of years, a steam plant with full equipment which had been acquired by the Alabama Power Company at the time the Montgomery utilities were taken over. Then followed a period of feverish work in which forces of the Power Company joined hands with those of the Chemical concern in the task of converting the plant from a power producer to a boll weevil death-mill.

Conversion was completed recently and the smoothness of performance in producing day's output is ample evidence of the thoroughness of the transformation.

J. A. Moore, President of the Gulf States Company, explained that it is the purpose of his company to develop further the production of calcium arsenate and other arsenical insecticides through their research department in such manner that production costs can be materially lowered, all of which will react to the ultimate good of the Southern farmer and orchardist.

"The location of this plant in Montgomery," said Mr. Moore "assures Southern cotton growers of a source for immediate supply of practically any quantity of calcium arsenate they may wish. Shipping facilities are good as the Gulf States Chemical and Refining Company's plant is served by several roads. Distribution has commenced, and there are enough orders already on hand to keep the plant operating full capacity for several weeks ahead."

A. M. Kennedy, inventor of the process paid high tribute to the Alabama Power Company who, he said, by providing facilities for perfecting the process and in donating the use of the factory and equipment have given to the South its greatest asset in controlling the boll weevil.

A little boy sitting among wedding guests was asked what he looked like a prayer-meeting.

"No, no, too many people," he replied. President Wilson's pastor at Princeton said that during the ten years as elder in his church, Mr. Wilson and family were never known to be absent from prayer-meeting.

If your religious zeal is as great as his, you will do the same thing. If it is not you can make it a great deal more enthusiastic by coming. Wilson not only attended services Wednesday, but he was just as punctual at the Sunday services. Go thou and do likewise.

The last quarterly conference unanimously elected Mr. W. W. Sanders steward in place of Miss Ella Law whose removal to Troy left the place vacant.

The pastor has heard many nice things said in regard to the sermon of Rev. L. H. S. Chappelle, of Brundidge. Also of Rev. E. B. Johnson, of the South Georgia Conference who is visiting his son, Mr. H. C. Johnson, of Elba. We are also under obligations to Rev. J. W. Dowdle, of the North Alabama Conference for a good sermon delivered at Ham last Sunday afternoon.

We are glad to see the college set walking our streets again. We hope to see you in your place at church services, which includes the League. And the League was well attended last time. Help us to swell its attendance and interest.

**SMITH HANGS SELF IN JAIL AT SCOTTSBORO.**

Scottsboro, Ala., May 24.—Fred Smith, charged with the slaying of his brother-in-law, Hubert Bennett, whom he had charged with murdering his sister, hanged himself in the county jail here yesterday after writing several notes. One of these gave directions for the care of his four motherless children and another told the sheriff where to send his body.

He was granted a preliminary trial on April 12, and failed to make bond of one thousand dollars.

Burbank, Okla., May 23.—Three bandits today held up the Burbank state bank for the second time in three days and the fourth in its history. They looted the tills, vaults and safe held five employees at bay and escaped in an automobile. No estimate of the loss was given, although officials asserted the institution had been "cleaned out."

Two masked bandits entered the bank Wednesday, locked four employees and a customer in the vault and escaped with \$2,000.

**Ties Cannon Ball Around Neck; Jumps Into Well**

Tupelo, Miss., May 24.—Three bandits today held up the Lee county planter, committed suicide this morning at his home five miles southwest of Tupelo, by tying a cannon ball in a sack to his neck and jumping into a well containing 15 feet of water.

The cannon ball was a relic of the Civil War in which Mr. Calhoun fought. His home, one of the county's finest, was used as a hospital during the war. Mr. Calhoun was widely known, being for many years a supervisor from the Fourth district. He was one of the county's wealthiest planters. Relatives and friends are unable to ascribe any motive for his rash act, unless it be despondency over his health during the past year. He was never married and leaves but few relatives.

**FORD PURCHASES 8,000 ACRES LAND IN FLA.**

Tampa, Fla., May 26.—Purchase by Henry Ford of a tract of more than 8,000 acres in Henry County centering around Labelle, the county seat, which was announced today, is believed by civic leaders here to presage the early development of a large rubber grower industry in Florida.

Mr. Ford is reported to have paid more than a half million dollars for the land, which includes the townsites of Goodin, on the Atlantic Coast line railroad, and the public utilities and a number of buildings of the town of Labelle.

**HAIL SATURDAY DOES BIG DAMAGE IN PIKE COUNTY**

Monday's Troy Herald: At about four o'clock Saturday afternoon a devastating hail storm visited the section around Dan Clower on the Spring Hill Road.

Mr. Clower was in the city this morning and when seen stated that his entire crop, with the possible exception of twenty or thirty acres, was badly damaged.

The leaves of the young cotton were beaten off and according to Mr. Clower, will no doubt have to be replanted to other crops rather than cotton, as it is now too late to replant.

Others suffering in the path of the hail and windstorm were Marcus Whitehead, Ike Reddoch, Oscar Bryan and the farm of Dr. Shelby Sanders and others whose names we could not learn.

Many trees were uprooted by the wind storm, a large one being blown down in the yard at the Ballard old home on the Spring Hill road.
